

Serenity

Information

Serenity is our Lagoon 520, a catamaran available for crewed charters throughout Greece. With 6 cabins and 6 wc it is perfect for groups of up to 12 guests.

Lengthy discussions between VPLP yacht architects known for their offshore racing cats, the world renowned Italian Nauta design agency and the leading Lagoon shipyard resulted in this game changing yacht with diamond-shaped vertical bows, beveled hulls and a Gull-wing bridge deck marking a whole new era for cruising catamarans, an eye-catcher you cannot miss!

Everything about her feels inviting and spacious and if there is one word that best describes her it is BIG! A rare offering of her size having 6 spacious guest cabins, with en-suite bathrooms and incomparable natural lighting thanks to the fixed hull windows together with excellent ventilation. Guests get to enjoy the natural continuity and intuitive flow between the roomy, contemporary interior and the elegant exterior spaces ideally designed for entertainment and socializing! Match that with her maneuverability, sailing performance and steady handling in heavy seas and what you have is a floating dream villa offering an undisturbed sea view to Greece's best spots!
